Carbon Sport Black

The Carbon Sport line is the result of a meticulous reconfiguration of the race proven Grand Prix GPL GraphX® line. Substituting a rugged black polyester in the base warp/fill scrim, Carbon Sport provides an economical, high performance product with exceptional flex and impact durability. By utilizing the same Carbon warp insert and Technora® Black X-PLY® as the GPL Line, Carbon Sport delivers incredible value with superior shape holding characteristics. Besides the CS Lite Skin® styles, we offer the CS Black utilizing black adhesives to give the Carbon Sport a modern opaque appearance.
